Haryana government is going to start a new Parali Incentive Scheme 2019. In this scheme, the state govt. will provide support of Rs 100/quintal to small and marginal farmers who have not burned stubble in their fields. This amount would only be applicable to non Basmati paddy procured by government. Stubble incentives would be provided through deputy commissioner.

The number of Haryana Parali Incentive Scheme beneficiaries and estimated cost will be known after CM's clearance. As per an estimate, around 20 lakh farmers in Haryana cultivate on less than 5 acres of land. The government has information of land and bank accounts of all the farmers. The proposal to curb stubble burning is sent to CM Manohar Lal Khattar who will take final decision in this regard.

Supreme Court has lashed out at authorities for failing to curb severe air pollution in the Delhi-NCR region. SC had directed the governments of Punjab, Haryana and Uttar Pradesh to provide support of Rs 100/quintal within seven days to farmers for not burning stubble.

(adsbygoogle=window.adsbygoogle||[]).push({});

#### Haryana Parali Incentive Scheme to Curb Stubble Burning

Parali (Stubble) burning has become a major cause of pollution in recent days. Many farmers in Haryana and Punjab burn their stubble in order to get their farm land ready for next season cultivation. The smoke emission from parali burning contains pollutants and is choking nearby state Delhi. The NCT of Delhi is just like gas chamber these days due to harmful levels of Air Quality Index (AQI).

PM 2.5 & PM 10 levels in national capital are beyond hazardous level due to parali burning. SC has already put a ban on burning of stubble in these 2 states, but the no. of incidents of stubble burning are not reducing. This is because farmers are poor in both Haryana and Punjab states.

(adsbygoogle=window.adsbygoogle||[]).push({});

The parali machine price is not affordable as it costs around 15 lakh per machine even after getting subsidy from central govt. Moreover, the rent of parali machine is too high for farmers which they cannot afford. So to reduce the level of pollution in Delhi, Supreme Court has ordered Punjab and Haryana state govt's to provide incentives to farmers.

राज्य के छोटे और सीमांत किसानों को पराली न जलाने के लिए 100 रुपये प्रति क्विंटल की प्रोत्साहन राशि प्रदान करेगी हरियाणा सरकार [pic.twitter.com/IfnGooqEe4](https://pic.twitter.com/IfnGooqEe4)

— CMO Haryana (@cmohry) November 12, 2019

In lines with SC order, Haryana govt. has decided to start Parali Incentive Scheme 2019. Under this scheme, the state govt. will provide Rs. 100 per quintal to small and marginal farmers who have not burned stubble.

Haryana government has announced Surcharge Waiver Scheme for electricity bills of tubewells on 3 September 2019. In addition to this, the state govt. also announced to provide relief of 9% to 45% to plot holders of Haryana Shehri Vikas Pradhikaran (HSVP) under the Enhancement Recalculation Scheme. This is the next major move after 3 settlement schemes for loanee farmers of cooperative banks.

The state govt. decided to provide relief to tubewell consumers having electricity connections under Surcharge Waiver Scheme & plot holders of HSVP. There are around 6.10 lakh farmers in the Haryana state which have taken electricity connections for the tubewells.

Out of these farmers, around 2.44 lakh connections have become defaulters and an amount of Rs. 147 crore is outstanding towards them.

(adsbygoogle=window.adsbygoogle||[]).push({});

#### Haryana Surcharge Waiver on Tubewells Electricity Bills

In this new Tubewell Surcharge Waiver Scheme in Haryana, if farmers wants to pay their electricity bills then no surcharge amount would be deducted. Previously, farmers had to pay surcharge amount of 20% to 25% of the power bills of tubewells. The surcharge amount would now be waived in case farmers make lump-sum payment of their bills upto 30 November 2019.

Moreover, Tubewells electricity connections of farmers which have been discontinued for less than 2 years on becoming defaulters would be restored. On Enhancement Recalculation Scheme, CM said that earlier plot holders does not gets information on enhancement by HSVP. Due to this, interest on the enhancement amount gets increased.

(adsbygoogle=window.adsbygoogle||[]).push({});

Previously in July 2018, a 1 time settlement plan with 40% rebate was launched for HSVP plot holders. Under that settlement plan, over 24,000 plot holders deposited around Rs. 853 crore as enhancement amount. In November 2019, another settlement scheme was launched with 37.5% rebate. In that scheme, over 4,000 plot holders paid an enhancement of Rs. 155 crore.

But till date, some plot holders have not paid their enhancement amount even in the previous 2 settlement schemes. The major demand of such plot holders was that the recalculation of enhancement must be done in their sectors. So, the state govt. has made new rules and a separate committee was constituted for recalculation.

As per the recommendations of this committee, govt. has to perform recalculation of 300 sectors out of which calculation of 12 sectors has already been done. Now all the plot holders are required to deposit the enhancement amount as per this recalculation. As per the new rules, recalculation of each sector is going to be different. So, the plot holders are expected to get benefit ranging from 9% to 45%.

आज हरियाणा सिविल एविएशन के लिए ऐतिहासिक दिन है। हमने गत वर्ष 15 अगस्त को इस एयरपोर्ट के टर्मिनल का उद्घाटन किया था। उसी दिन कहा था बहुत जल्द एयर शटल सेवा शुरू करेंगे। मैं स्पाइसजेट का आभारी हूँ कि इन्होंने क्षेत्रीय कनेक्टिविटी के नाते आज से एयर शटल को उड़ाने का निर्णय लिया है।

The interest amount on the loan will be borne entirely by the state govt. However, the pre-condition is that the interest subsidy is only applicable till the time the income of each member of that specific group reaches Rs. 1 lakh p.a.

In case the income of each member of Women Self Help Group is more than Rs. 1 lakh, then this decision is not applicable.

Haryana govt. will also select 3 best SHGs on the basis of their annual income. SHGs securing 1st position will get cash reward of Rs. 1 lakh, 2nd position will get Rs. 50,000 and 3rd position will get Rs. 25,000.

The primary objective is to make people realize the importance of skill development for securing a good job rather than just focusing on the ways to obtain a degree.

This scheme will play an important role in the welfare of the rural women as well as the systematic development of villages. There are around 15,000 women SHGs in the entire state and the state govt. wants all of them to become entrepreneurs.

This scheme will help lakhs of families as most of these families are already working with SHGs.

Haryana Women SHGs DAY-NRLM

Also the Gram Swaraj Abhiyaan which was launched earlier in the state on Dr B R Ambedkar birth anniversary (14 April 2018) is now completed. In this campaign, people were made aware of the various schemes being run by the central and the state govt. for the welfare of the poor people.

In a bid to give consumers an opportunity to come clean on electricity theft, Haryana government has launched Bijli Bill Jurmana Maafi Yojana or Voluntary Disclosure Scheme (VDS) 2016.

Under the scheme, all categories of consumers having sanctioned load up to five KW can declare tampered or defective meters. While launching the scheme, which was launched on November 20, Haryana Chief Minister Manohar Lal Khattar said that the scheme will remain in operation until December 31, 2016.

Highlights of Bijli Bill Jurmana Maafi Yojana

It has been decided that the cases of consumers who will voluntarily declare tampering of meter/ defective meter would not have to pay twice the tariff along with compounding charges but will be charged on nominal consumption bases sanctioned load for the last year and that too on current normal tariff only.

(adsbygoogle=window.adsbygoogle||[]).push({});

The consumer will have two options to the computed bill. The first option will be to deposit the lump-sum amount within 10 days after being intimated about the same. In case the consumer opts to pay in lump-sum, an additional rebate of 5 per cent will be given.

The second option is to pay in a maximum of six equal bi-monthly installments payable along with the next 6 bills.

(adsbygoogle=window.adsbygoogle||[]).push({});

The other point that consumers should note is that the meter already installed in the premises would be replaced by Sub Divisional Officer (SDO) with a new electronic meter within three days. The cost of the meter would be charged from the consumer in case it is supplied by the Power Distribution Company or Nigam.

While launching Bijli Bill Jurmana Maafi Yojana, the Chief Minister also assured that no checking would be carried out during the period of operation of the scheme (i.e. till December 31, 2016) for consumers having sanctioned load up to 5 KW. Also, no meter having similar load will be seized and sent to the lab for testing in this period.

To make sure that more and more consumers can take benefit of Bijli Bill Jurmana Maafi Yojana, the Chief Minister has said that the consumers, whose meters have been seized for the verification in the M&T Lab and are pending for testing, will also have the option to avail this scheme. No further testing of the meter and investigation will be done in their case.

The cases of defective meters “including burnt meters, sticky, and dead stop” have also be covered under the scheme. In case any consumer feels that he or she has been treated fairly by the concerned Sub Divisional Officer, he or she can appeal to the concerned Executive Engineer.

On receiving any such appeal, the concerned authority will have to decide the same within three working days.

The consumers under the scheme can also avail Surcharge Waiver Scheme- 2016 if eligible for the same.
