Uttar Pradesh govt. has announced Kanya Sumangla Yojana in UP Budget 2019-20 for girl child. This scheme aims to improve the level of health and education in women and bringing a positive change in the mindset towards them. UP Kanya Sumangla Scheme 2019 is based on the Ladli Laxmi Yojna of the previous BJP led Madhya Pradesh government.

In UP Kanya Sumangla Yojana, pre-determined amount would be deposited at the regular intervals in the name of girl child to aid her education and marriage. This amount would be transferred directly into the bank account of the girls through Direct Benefit Transfer (DBT) mode. The drop out rate of the girls would also be reduced through this scheme.

The state govt. of Uttar Pradesh has allocated Rs. 1200 crore for the successful implementation of this Kanya Sumangla scheme.

(adsbygoogle=window.adsbygoogle||[]).push({});

UP Kanya Sumangla Yojana 2019

The UP Kanya Sumangla Scheme is going to be implemented from 1 April 2019 and the scheme details are yet to be worked out. CM Yogi Adityanath stated that a pre-determined amount will be deposited in the bank accounts of girl child at the following durations:-

- 1st Installment at the time birth of girl child
- 2nd Installment at the time of vaccination
- 3rd Installment at the time of admission of girls in Class I
- 4th Installment when a girl reaches class VI
- 5th Installment when a girl reaches class IX
- 6th Installment at the time the girl starts graduation
- 7th Installment at the time of girl's wedding

The state govt. will ensure that the girls would get handsome amount by the time she graduates or get married. This scheme of UP govt. will work in collaboration with the central govt's "Beti Bachao Beti Padhao" scheme. Previously, Akhilesh led UP govt. had started Kanya Vidya Dhan Scheme in which all the girls who clears the intermediate under UP board were given one time assistance of Rs. 30,000. This Kanya Vidya Dhan Scheme was later extended to girls passing out from Madrasahs.

(adsbygoogle=window.adsbygoogle||[]).push({});

Mayawati led BSP govt. in Uttar Pradesh had 2 schemes for girl child namely Mahamaya Garib Balika Ashirvad Yojana and Savitri Bai Phule Balika Shiksha Madad Yojana. These schemes were launched to ensure that girls are no longer a burden on the families and need to be sent to school.

Various other state govt's like Bihar has started distributing cycles to school girls to encourage them to attend schools regularly. UP Kanya Sumangla Yojana draws its inspiration from MP Ladli Laxmi Yojana which offers annual National Savings Certificate of Rs. 6,000 in the name of beneficiaries. This is followed by the fixed amount deposits at regular intervals till the time the girls get graduated or get married. This amount is paid as a lump sum amount through DBT mode in girls bank accounts.

However, it is still not clear how application forms would be invited for UP Kanya Sumangla Yojana and how much amount each girl would get. The details are still being worked out which is to be put before cabinet and the scheme has to be implemented from 1 April 2019.

Uttar Pradesh govt. is going to start Vriksharopan Mahakumbh on the 77th anniversary of Quit India Movement. CM Yogi Adityanath led UP govt. aims to plant 22 crore saplings. The chief minister would launch this mega greenery drive by planting Harishankari, combination of 3 sacred trees – peepul, pakar and banyan – at Jaitikheda in Lucknow.

The honorable governor of UP, Anandiben Patel is also going to participate in Vriksharopan Mahakumbh drive and plant saplings at Ganga forest in Kasganj here. Yogi Adityanath will also distribute saplings absolutely free at parade ground on banks of Ganga-Yamuna confluence in Allahabad.

In order to ensure proper monitoring of growth of trees, majority of saplings planted at village panchayat level would be geotagged. UP govt. has also appointed "tree guardians" to nurture the plants and monitor their growth.

(adsbygoogle=window.adsbygoogle||[]).push({});

Yogi Govt. to Plant 22 Crore Trees – Vriksharopan Mahakumbh

The state govt. of Uttar Pradesh is all set to break its own previous record of planting trees by planting 22 crore saplings. UP govt. has prepared a micro plan for each gram panchayat to help farmers get saplings and plant them. Yogi Adityanath has included block development committees, gram pradhans and block development officers in its greenery drive.

This decision of Yogi Govt. to Plant 22 Crore Trees would play a crucial role in curbing air pollution, soil erosion and depletion of ground water level. Various farmers registered under Pradhan Mantri Awas Yojana, Swachh Bharat Mission, Pradhan Mantri Kisan Samman Nidhi Yojana and beneficiaries of various other schemes in its greenery drive.

(adsbygoogle=window.adsbygoogle||[]).push({});

UP Vriksharopan Mahakumbh 2019

All these saplings would be distributed absolutely free of cost among people.

मेरी युवाओं से अपील है कि वे आगे आएँ, हर युवा एक पौधे को गोद ले और उसका पोषण करे

सांस्कृतिक महाकुम्भ की तरह वृक्षारोपण महाकुम्भ को भी जन आंदोलन बनाएं

आइये, आगे बढ़ अपनी धरती माँ को बचाएँ और आने वाली पीढ़ियों के लिए बेहतर पर्यावरण सुनिश्चित करें #UPHaritKranti

उत्तर प्रदेश सरकार द्वारा शुरू की गई इस सरकारी योजना में निराश्रित, बेसहारा गोवंश का पालन करने वाले किसानों को 30 रुपये प्रतिदिन प्रति पशु के हिसाब से पैसे दिये जाएंगे।
Uttar Pradesh govt. has approved a new Chief Minister Destitute Cow Participation Scheme. Under this scheme of UP govt., each person who adopts 1 stray cattle will get Rs. 30 per day. This is because existing cow shelters are over-flowing with animals. Yogi Adityanath decides to put up 1 lakh such cows for public adoption. The state govt. will transfer Rs. 900 per month to bank account of willing persons who take home a cow.

Each such animal which is adopted would be ear-tagged for identity purposes under UP CM Destitute Cow Participation Scheme. Earlier in 2019, farmers in UP had taken up arms and protested over stray cattle destroying their fields. This is an aftermath of decision of ban on illegal slaughter of cattle in Uttar Pradesh. There were various instances of farmers locking up stray cattle in govt. schools and offices which led to UP govt. to order opening of new cow shelters in every district. The UP govt. is paying Rs. 900 every month to upkeep each cattle to cow shelters too.

(adsbygoogle=window.adsbygoogle||[]).push({});

Yogi Govt. to Pay Rs. 30 / Day on Adopting Stray Cattle

As the cow shelters are overflowing with more than 10 to 12 lakh cattle and there are reports of cows dying due to neglect. So, UP govt. has approved a new Chief Minister Destitute Cow Participation Scheme. In this scheme, all the willing farmers, dairy farmers or common people can adopt a cow from existing shelters and take animal home.

In the 1st phase of adopting stray cattle scheme, govt. will hand over 1 lakh cattle to such members of public. UP govt. is going to transfer Rs. 900 per month to bank account of each such farmer for up-keep and nutrition of animal. The District Magistrates are going to identify such "willing adopters".

(adsbygoogle=window.adsbygoogle||[]).push({});

The state govt. of Uttar Pradesh will spend Rs. 109 crore on this exercise annually. In order to avail the scheme benefits, person who adopts the animal cannot sell or let loose / abandon the animal. The UP govt. will setup committee in each district to monitor exercise and each such animal handed over would be ear tagged. This ear tagging is to be done for identity and subsequent monitoring.

The UP government has the "potential to create employment and increase social participation". This would increase the income of farmers and would reduce the extent of stray cattle in UP. In the subsequent phases, more cow can be put up for adoption depending upon initial success.

योगी आदित्यनाथ की उत्तर प्रदेश सरकार अब गुड समारितन स्कीम २०१९ करेगी लांच, इस योजना में सड़क या रेल दुर्घटना के घायलों को अस्पताल पहुंचाने वालों को 2,000 रुपये नकद मिलेंगेUttar Pradesh govt. is planning to launch UP Good Samaritan Scheme 2019. Under this scheme, incentives of Rs. 2,000 would be given to those who brings injured people (in road / rail accidents) to hospitals. Yogi Adityanath Good Samaritan Scheme's main focus is on ensuring that each injured person gets treatment on time. Moreover, this scheme will encourage people to help road accident victims.

This Good Samaritan Scheme of UP govt. comes after the recent Bus Accident of Mainpuri in which 17 people died after driver loses control on wheels. Final decision on the Yogi Good Samaritan Scheme 2019 is yet to be taken.

Road Safety Council is working on encouraging people to help victims of accident.

(adsbygoogle=window.adsbygoogle||[]).push({});

UP Good Samaritan Scheme 2019 by Yogi Adityanath

After an increase in the number of road accidents in UP, Yogi Adityanath govt. works on a new policy to provide cash incentives to good samaritans. All those people who comes forward to help and take injured people to hospitals for treatment will get Rs. 2,000. The proposal for Yogi Good Samaritan Scheme has been sent and the scheme is expected to start in the next 2 or 3 months.

Previously, the state govt. has formulated policy to protect Good Samaritan which is existing since January 2016, but it is not enough. This move of providing Rs. 2,000 will minimize deaths from road accidents and make medical assistance available to victims within the crucial golden hour (1st hour after accident).

(adsbygoogle=window.adsbygoogle||[]).push({});

Bystanders, who assist road accident victims already enjoys legal protection from police and hospital questioning and other legal hassles under the good Samaritan law. This law was made by the central government made after Supreme Court judgment in 2014.

Delhi, Gujarat, Odisha, Karnataka and Maharashtra already have Good Samaritan Scheme. Every state follows a different procedure to provide cash incentives to volunteers, so UP govt. has to lay down a procedure before official launch of scheme. The state govt. is expected to earmark Rs. 50 lakh for funding the Yogi Good Samaritan Scheme.

However, the money will come from the Road Safety Fund and not the state govt's budget. UP has lesser number of road accidents but the highest number of deaths. The major reason is that people doesn't assist victims and a large number of injured persons lacks timely hospitalization. Yogi Good Samaritan Scheme in UP will encourage and motivate volunteers to help the injured ones.

Why Samajwadi Rozgar Yojana
Assistance under Samajwadi Rozgar Yojana
Sustainability of the scheme
Scope of Employment Under Samajwadi Rozgar Yojana

Keeping in mind the huge unemployed population in the state of Uttar Pradesh, Samajwadi Rozgar Yojana has been developed. The Samajwadi Rozgar Yojana will help develop small traders and generating jobs for the unemployed in the state.

Why Samajwadi Rozgar Yojana

Almost everyone is aware about the state of unemployment in the country despite of people being academically qualified in different skills. In such scenario, most are looking for jobs to make their living while many are looking to start their own business.

Samajwadi Rozgar Yojana is expected to help both job seekers and small traders & developing organizations in a big way. Under the scheme, the government will financial help small traders and organizations grow more and generate jobs for the youth.

(adsbygoogle=window.adsbygoogle||[]).push({});

Assistance under Samajwadi Rozgar Yojana

Under the scheme, the person who owns Rs. 1 Lakh is eligible to start a business worth Rs. 25 Lakh. The rest of the financial assistance will be provided by the state government. As per scheme, the government would provide 90 per cent of the margin money. Undoubtedly, this is one of the greatest features of the scheme and a reason of joy for those not able to start their own business because of lack of finance.

Sustainability of the scheme

The scheme clearly states that only the person who owns Rs. 1 Lakh is eligible to get a financial assistance of up to Rs. 25 Lakh. But, it may be difficult for the small traders, farmers, craft workers and jobless in rural areas to accumulate Rs. 1 Lakh to be eligible for the scheme. This may be considered a reason why the scheme is not sustainable at a large scale in the state. However, accumulating Rs. 1 Lakh for the residents in urban areas may not be a big thing, hence the scheme shall be more popular there.

(adsbygoogle=window.adsbygoogle||[]).push({});

Another reason why the scheme may not be so successful in rural areas is the lack of skills, knowledge or experience required to create and successfully run a business.

Scope of Employment Under Samajwadi Rozgar Yojana

Once the scheme is able to successfully develop small enterprises, there are vast chances that jobs will be created at different levels for the unemployed. According to some estimates, if the scheme is able to create 1000 startups each employing 50 people on average, 50000 people will get jobs. It will be a big push to the overall development of the people and the state itself.

However, the scheme is a great initiative of the state Government but to make it successful, people also need skills, knowledge and experience to create and run any kind of business. Finding people with such good skills and knowledge may be difficult may be the reason scheme may need some amendments.

Earlier the project was to be named as Chief Minister Rozgar Yojana but later it was re-christened as Samajwadi Rozgar Yojana giving it a Socialist tinge. It would be part of other Samajwadi schemes like Samajwadi Pension Yojana, Samajwadi Awas Yojana and Samajwadi Ambulance Sewa.

Uttar Pradesh Power Corporation Limited (UPPCL) is going to install 1 Crore Prepaid Electricity Meters in UP under the Saubhagya scheme. These smart meters will get installed by the Uttar Pradesh government to minimize the power theft and increase the revenue. UP govt. focuses on providing electricity connection to each household under Pradhan Mantri Sahaj Bijli Har Ghar Yojana to ensure "Power for All". The total outlay for this project is Rs. 1375 crore.

This installation of one crore smart meters will bring technological upgrade in meter readings. These meters also possess a tracking device from where any consumer can track their actual consumption without manual recording. UP govt. aims to provide electricity connection to more than 4 crore rural households by December 2018 under Saubhagya Scheme.

This scheme will ensure turnaround of UPPCL and other power distribution companies (Discom) by reducing the line losses to 15%. The Smart Meters enables the power department officials to track actual consumption of consumers with online subscriptions and readings. Installation work of these pre-paid meters will begin from 1 June 2018.

(adsbygoogle=window.adsbygoogle||[]).push({});

Prepaid Electricity Meter Connection Uttar Pradesh

UPPCL will install these prepaid meters in 13 districts with maximum line losses. These areas include Kanpur, Varanasi, Meerut, Gorakhpur, Bareilly and Lucknow. UPPCL will also provide the facility of recharge of pre-paid meters in advance even with a small amount of Rs 50. To get prepaid electricity meter in UP, people can submit any of the following documents as id proof – Aadhar card, Pan card, Ration card, Driving licence, Voter card or Bank Passbook.

UPPCL has already given the tender of supply of 1 crore smart meters in up through Energy Efficiency Services Ltd (EESL). Now, Genus Power Infrastructures will supply 50 lakh, L&T will supply 30 lakh and Allied Engineering will supply 20 lakh prepaid meters.

(adsbygoogle=window.adsbygoogle||[]).push({});

Central govt. wants to minimize the line losses suffered by DISCOMS which could be done through 100% metering of all households. Govt. will make installation of prepaid meters for all small consumers and smart meters for large ones to provide "electricity to all" till March 2019 under Saubhagya Yojana.

Prepaid Electricity Meter UPPCL

Power System of UP incurs a large number of line losses. Aggregate technical and commercial (AT&C) losses of 5 discoms in UP is 27.35% till March 2018 which was 32.38% in December 2016-17 after Ujjwal Discom Assurance Yojana (UDAY) Yojana. To reduce the line losses, installation of pre-paid electricity meters is an imperative requirement. UPPCL will follow a multi-prolonged strategy to tackle line losses.

As per the new guidelines of Union energy ministry, all Discoms whose line losses are above 15% will not be eligible for loan from power finance corporation and rural electrification. So, the state govt. wants that each and every household in the state will get an uninterrupted (24*7) power supply. The benefits of installation of Smart meters in UP includes reduction in the cost of bill in accordance with the per-capita consumption. Moreover, this scheme will implement the overall efficiency of Discoms.

Out of the total one crore pre-paid meters, the state govt. will install 1 lakh prepaid meters in various government establishments. This smart meter installation process will improve the compliance in bill payments. Moreover, the human element of reading meters, billing, bill recovery will also get eliminated which will also reduce the corruption.
